

# The Journey Project

The Home Missions Board is taking The Luke 10 Journey Project Internship on the road this summer to explore what God might want to do through the Friends Church in Tyler, Texas...

After "Introduction to the Journey" a disciplemaking immersion and training in Wichita, Dario & Raquel Bastias will be joining new Bivocational Friends Church Planter, Juan Fernandez, for 6 weeks in Tyler, Texas, June 4 - July 20 to explore a calling there.

They are headed into uncharted Friends Church territory, into the harvest field to make disciples and build the church. With the closest Friends Churches several hours away, the family of Evangelical Friends Church Mid-America will be supporting this venture primarily remotely. That means that YOU can be involved in this exciting, new project where ever you are.

Wanna Get Involved?

\* Pray! Pray to the Lord of the Harvest about Tyler, TX!

\* Housing Support! The Bastias' need temporary lodging for 6 weeks while they explore a calling to Tyler this summer. Can you offer or connect them with a good camper or RV to borrow for 3 - 6 weeks? It definitely needs good AC for those HOT Texas summertime days.

\* Join the Partner Team! Provide encouragement via phone, email, and/or an in-person visit to Tyler as these faithful workers are sent out into the harvest field.
